

**London, December 10, 2019**

WenLin Chinese School recently celebrated the end of the Autumn Term 2019 with a number of initiatives involving our much-loved community: our students, their parents and all of our teachers and staff. On Saturday 7th December, at the end of each class, students were awarded by Mrs Rosa Wang (founder and headteacher) of WenLin Chinese School, certificates of merit for their achievements in the study of Mandarin. Witnessing WenLin students beaming with pride for their successful attainments was the best possible acknowledgement of the dedication and passion all WenLin staff constantly put into their teaching, as well as a testimony to our students' relentless focus and inexhaustible passion in learning Mandarin.

On the following day, Sunday 8th December, we held an afternoon disco party to mark the end of the Term and give our students a chance to show off their dancing skills and endless energy much to the amusement of their parents and teachers alike. In between a "Gangnam Style" routine and a crawling competition, Mrs Rosa Wang managed to get the attention of her students and distributed a number of awards: book vouchers for the best artwork produced for the Chongyang Festival, scholarships for the best students of Mandarin and certificates of merit in respect of a recent Chinese Painting competition. During the party, money was also raised for "Place2Be" ([www.place2be.org.uk](http://www.place2be.org.uk)) a charity focused on children's mental health which WenLin Chinese School is a long-standing supporter of.

Last but not least, on Monday 9th December Mrs Rosa Wang invited all WenLin staff for lunch, and treated them to a very traditional Chinese "hot pot" at the well-known West End restaurant "Haidilao".

It goes without saying that, like all end of terms celebrations, we ended up being exhausted and looking forward to the forthcoming festive break. At the same time, all our hearts were filled with the joy and energy that only a prosperous and happy community is ever capable of generating.

With this in mind, we take the opportunity to thank you all for making this real, and wish you and your families a merry Christmas and a prosperous New Year.

See you in 2020!
